

ONLINE LEARNING CENTER

The DentaQuest Partnership Online Learning Center strives to provide engaging resources for anyone looking to implement practice improvement and/or prevention-focused care within their unique environment.

Online Learning Modules

The interactive online learning modules focus on clinical care and practice management.

Learn more about Evidence-Based Prevention!

- **A disease management series** focuses on the key components of a prevention-focused model of care from birth to maturity.

Reduce stress and increase success!

- **A practice management series** provides best practices for the effective management of safety net dental programs.
- **Special Topics** include live lectures and online modules that address working with extremely young patients, handling patient home care, the integration of oral health care into primary health care, and implementing payment reform.

DCM Virtual Practicum

The DentaQuest Partnership's Dental Caries Management (DCM) Virtual Practicum was created to support the efforts of dental practices that are implementing a caries disease management program.

Participants of the DCM Virtual Practicum have access to:

- **The Clinician's Companion to Dental Caries Management**
An in-depth guide that provides the rationale for caries disease prevention and management, and describes the components of this approach.
- **Virtual Practicum**
Self-guided online course in dental caries management.
- **Webinars**
Monthly live and on-demand webinars that cover key aspects of dental caries management.

Instructional Webinars

The DentaQuest Partnership offers monthly continuing education webinars that highlight the work we are doing in each of our key areas of focus, along with the work our partners are doing across the country to revolutionize oral health. To register for upcoming webinars and to view past webinars, visit our Instructional Webinars page. *(Note: CE credit only available for live webinars)*

www.dentaquestpartnership.org/webinars

ADA Continuing Education Units (CEUs) are offered upon completion of the online modules at no cost. Registration for the Online Learning Center is free and available to all oral health professionals.
