

TELEDENTISTRY: CLOSING GAPS IN ORAL HEALTH

July 25, 2019

Learning Objectives

By the end of this webinar, participants will be able to:

1. Recognize teledentistry as a means of increasing access and facilitating person-centered care,
2. Identify components of different teledentistry models that might be successful in their respective state, and
3. Describe policy issues that would have to be addressed in some states to take advantage of the benefits of teledentistry.

Housekeeping

- All lines will remain muted to avoid background noise.
- A copy of the slides and a link to the recording will be shared after the webinar concludes.
- In order to receive CE credit you must fill out the webinar evaluation, which will be shared at the end of the presentation. The evaluation must be completed by **EOD Wednesday, July 31** to receive CE credit.

The DentaQuest Partnership is an ADA CERP Recognized Provider. This presentation has been planned and implemented in accordance with the standards of the ADA CERP.

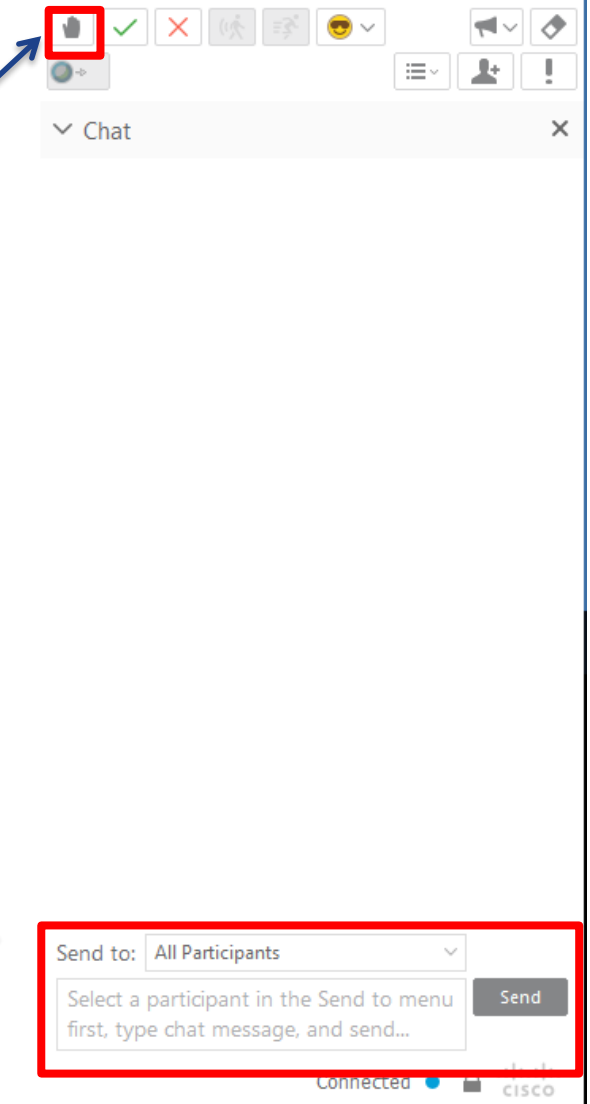

*Full disclosures available upon request

Q&A Logistics

After the presentations we hope to have some time for Q&A

Two ways to engage:

- Use the raise hand feature and we will unmute you
- Type your question in the chat box
